Dear all,

Please be informed that the above mentioned was successfully conducted with no major issue or concern. Attached herewith is the visitor list who are mainly from the financial arm of setebrazil, together with their financial bank reps.

Yard track record and construction methodology was presented and setebrazil site team presented their organisational chart.

General sentiment was satisfactory and the visitors left in awe after the insightful yard tour at the DRU construction sites.

Visit ended at 1430hours

Bruno Ng
